## Data Science Essentials

**Issued by:** Pragmatic Institute

**Issued to:** Sanjit Krishnamurthy

**Issued on:** 11 August 2023

### Description

The earner of this badge has completed the Data Science Essentials course from The Data Incubator. They sufficiently demonstrate the ability to extract, clean and analyze data using Python; leverage Python's powerful libraries to build predictive models to make better decisions; and help their employers solve business problems using data-driven insights. They demonstrate familiarity with Object-Oriented Programming, Pandas, data visualization, NumPy, Python and more.
